Big Data Boot Camp – Course Prerequisites

Thank you for participating in our hands-on Big Data Boot Camp. We are glad to have you in our class! There are a few prerequisites you will need to be prepared with prior to attending class on the first day. Please take a few minutes to go through and complete these instructions.

Computers

1. You will be expected to bring your own computer to class, prepared with any software or downloaded materials detailed below.
2. Your computer will need to have real-time internet access in class, with the ability to install software on your machine. (Some corporate policies or firewalls can interfere with this, so please check prior to class.)
3. If you are taking this class live, online, please test Zoom: [https://www.zoom.us/test](https://www.zoom.us/test).

Test your connectivity (make sure to test the computer you will use for class)

1. Go to: [https://easiertechnologies.learnondemand.net/ClassEnrollment/1315988](https://easiertechnologies.learnondemand.net/ClassEnrollment/1315988). Click “Sign In” and then click “Learn on Demand Systems Account.”
2. Enter the username and password in the appropriate fields.
   Username: testuser@et.com
   Password: ABcd1234

3. Once you have logged in, click the “Launch Test Lab” to run the test environment.

4. A window will open with your test lab environment. After reading the instructions, click “Next” and then “OK.”
5. Follow the instructions at the bottom of the screen. Complete the 11 tasks to finish the test environment.

6. Once you have completed all 11 tasks, read the “Exercise Complete” window and then select “Close Window.”

If you are unable to connect to the lab test, please contact customerservice@aspeinc.com for additional assistance.
